

### **Powder Springs.**

As there has been nothing from this place in your valuable paper, I will endeavor to give your readers what news there is in our neighborhood.

The health of the community is very good. No sickness except a few chills.

The farmers are beginning to lay by their corn and cotton and everybody seems to be looking forward to the time of rest that is close at hand.

Messrs. Jones and Culbertson met with a serious accident while crossing the McPherson bridge with their engine. The bridge gave way, turning their machinery over into the water and it was thought that Mr. Jim Elledge was fatally injured, but we are glad to say he is some better at this writing.

Mr. J. C. Crow and Miss Minnie McPherson attended preaching last Sunday at Mt. Olive. Jim says the girls are very attractive on that side of the river.

We are going to give a children's day some time soon. The day has not yet been decided and we will let you know in due time.

Crops are looking very well. Corn is especially fine. If we can get plenty of rain we will have our hog and hominy for 1894.

J. W. S.
