

A meeting of the Stockholders of the Laurens Cotton Mill was held at the office of N. B. Dial, Esq, on Oct. 1st, inst. and a resolution passed authorizing an increase of the subscribed stock of \$200,000, to \$350,000. The books are now open for subscriptions, the new stock stands on the same footing with that originally subscribed. There is no better investment and this is a splendid opportunity for our people at home to help themselves, their county and State.
