
The Free-Silver Democrat appeared on Saturday evening last, bright and prim as a new pin. It is published by W. B. Motte and edited by W. T. Crews. It comes from the press of the Laurensville Herald.

So far as the first number discloses, it has a double mission; secondarily, to boost the free coinage of silver, and first, last, and all the time to blow the horn of Tillman, but striking out with both right and left for Senator Irby. It is published at a dollar a year.—
The more the merrier — there is always room for one more and we extend the heartiest welcome to our neighbor to a place on our sanctum table.
